On behalf of M3 Monaco and OMNIYAT, it is our great pleasure to invite you to the **2nd edition of the World Yachting Summit**, held on **27 November 2026** at **The Lana, Dorchester Collection, Dubai**.

After a first edition in Monaco, the Summit comes to Dubai to bring together waterfront and real estate developers, marina and yachting professionals, government and tourism authorities, yacht owners, investors and family offices. This edition looks at what yachting gives back to the region: its economy, its regional development and the growth of yachting tourism across the Gulf.

The day is built around open exchange rather than speeches:

- An opening keynote and a data presentation on Gulf yachting in numbers
- Two conferences: *The destination dividend, what a marina gives back to a city*, and *What a yacht cannot get here yet*
- Four workshop tables in small groups, followed by an interactive lunch
- A welcome cocktail and Gala Dinner in the evening

Attendance is strictly by invitation and personal to the named guest. Kindly RSVP by **13 November 2026** to **events@m3monaco.com**. Your personal invitation card is enclosed with this letter.

We very much look forward to welcoming you in Dubai.

With our warmest regards,

Victor Meyer
Sales & Events Manager, M3 Monaco
